## Joint Defense Appeal Meeting Set Saturday

Methods for accelerating progress in fighting bigotry and strengthening democratic rights will be examined by some 300 Jewish leaders representing ten Western states at the second annual meeting of the Western Council of Joint Defense Appeal which opens Saturday at the Riviera Hotel.

Melvin M. Swig, San Francisco civic leader, is chairman of the council. The conference will continue through luncheon on Sunday.

THE WESTERN Council of Jewish leaders was organized by Joint Defense Appeal last year in Palm Springs to help finance the fight against anti-Semitism and to advance better group understanding in the Western area of the country. Highlights of the two-day meeting include major addresses by Henry E. Schultz, ADL national chairman and Dr. John Slawson, AJC executive vice president. Of paramount interest to the local community will be a seminar on problems of anti-Semitism and discrimination in Southern California on Saturday morning which will be led by Milton A. Senn, ADL director for Southern California and Frederick A. Schreiber, AJC director for the same area.

THERE WILL BE a cocktail reception for all delegates at the Riviera this evening, followed by religious services at Temple Isaiah.

Arrangements for the comfort of the visiting delegates will be under the supervision of Jerry Schwartz, local philanthropic leader who is heading the Palm Springs Hospitality Committee for the conference. He is being assisted by publicity chairman Herman Finerman.

## Kennedy Gets Briefing on Laos Today

Appointment Schedule Tops One Every Hour

WASHINGTON — President Kennedy received a briefing today on the crisis in Laos from U. S. Ambassador Winthrop Brown who said he is still optimistic that a peaceful political settlement can be found.

Kennedy and Brown conferred for 40 minutes. The ambassador was noncommittal about his talk with the President. But when asked if he is still hopeful of a political solution of the cold war troubles in the tiny Asian kingdom, Brown smilingly told reporters: "I'm always optimistic."

KENNEDY HAS pledged administration efforts to make strifed Laos an "independent, peaceful country." The kingdom has been the scene of fighting and the target of Communist invasion threats in recent months.

The ambassador said no definite date has yet been set for his return to Laos but he expects to leave in a few days.

KENNEDY'S MEETING with Brown was the high point of a jam-packed working schedule which listed appointments at a clip of more than one an hour throughout the morning and afternoon.

Kennedy told his first presidential news conference Jan. 25 that Laos, where Western-armed government forces have been battling Communist-aided rebels for months, was "of great concern to us."

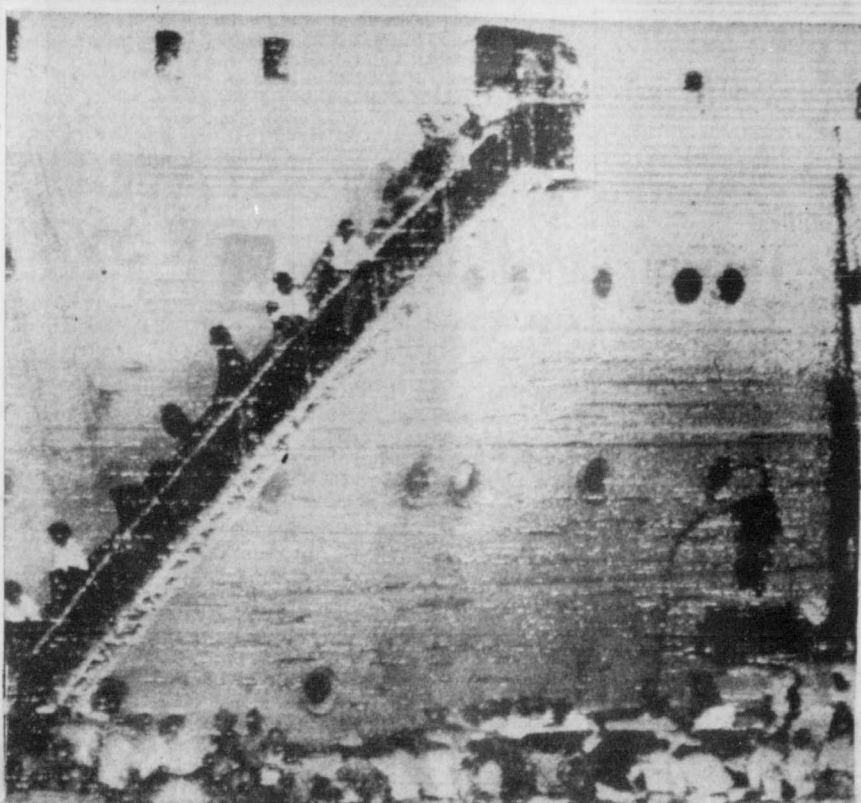

## Two Mink Coats Taken from Store

Palm Springs police today are investigating the reported theft of two mink coats from Furs by Courtney, reported about 4 p.m., yesterday.

The report to police by a single clerk in the store, said that two persons, a man and woman, walked into the store, looked at a few items, and walked out with the two coats.

Both coats were turtleneck, one full length and the other three-quarter length.

The coats, valued at \$5,255, were reportedly taken from the vault.

PASSENGERS HELD captive aboard the Portuguese liner for 12 days, today started returning to their home countries, with expenses paid by the owners of the ship. Above, they

are shown pouring down a gangplank to board a launch and come ashore at Recife, Brazil.

## Crash Victim Released from Desert Hospital

William Anderson Blair, 39-year-old Banning resident who was taken to Desert Hospital at 4:55 p.m. Saturday, with apparent minor cuts suffered in a traffic accident at Vista Chino and North Indian Avenue, was released from the hospital Wednesday with a full body brace for a cracked neck vertebrae, a hospital spokesman said.

Blair, 356 Lombardy Lane, Banning, was injured when the panel truck he was driving was struck on the left side as he waited on Vista Chino at a stop sign. The truck was hit by a car driven by Noral Edwin Wittingill, 6533 Hollywood Boulevard. Wittingill told investigating officers his foot became wedged between the accelerator and brake pedal.

A third vehicle, owned by Eve Musin, Cholla Gardens, Desert Hot Springs, was struck in its parking place at the curb.

## REBELS GRANTED ASYLUM IN BRAZIL

RECIFE, Brazil — — The Brazilian government officially granted political asylum to rebel leader Henrique Galvao today in preparation for seizure of the Santa Maria by the Brazilian navy.

The Brazilian Foreign Ministry said the rebels had laid down their arms and would formally surrender the ship to the navy.

PRESIDENT JANIO Quadros had made the offer of political asylum to Galvao and his band of rebels earlier this week in hopes of getting them to unload the 607 passengers and 350 Portuguese crewmen.

Self-exiled Portuguese opposition leader Humberto Delgado, in whose name Galvao seized the ship Jan. 22, left the Santa Maria today with a Brazilian naval officer. He had joined his lieutenant aboard when the Santa Maria anchored at the entrance to Recife Harbor.

## No Rain, Warm Temps Forecast

LOS ANGELES — — No precipitation and temperatures averaging 4-8 degrees above normal was the five-day forecast issued today for Southern California by the U.S. Weather Bureau.

## CITIZEN IKE GOES TO OFFICE IN SNOW, COLD

GETTYSBURG, Pa. — — Former President Dwight D. Eisenhower today began his first "working day" as a private citizen after opening his new office on the campus of Gettysburg College.

He remarked to a group of reporters and Gettysburg College students awaiting his arrival that "We have winter weather up here, don't we?" It was beginning to snow.

A member of the staff disclosed that the former president and Mrs. Eisenhower are leaving next week for an extended stay at Eldorado Country Club.

## Drifts Piled 10 Feet High

Two huge snowstorms, powered by howling winds that piled drifts up to 10 feet deep, battered the winter-weary Midwest and East today.

The new onslaught of winter piled deep snows on Chicago and St. Louis, tangled traffic and closed schools from the Missouri River to the Carolinas and raised heavy snow warnings along the Eastern Seaboard.

THE TWIN STORMS, one shoving eastward across the lower Great Lakes region and the other exploding northward out of a Dixie ice storm, took a mounting toll of lives.

A United Press International count showed at least 16 persons were killed on icy highways or causes attributed to the violent weather since the storm boiled up in Iowa Thursday.

THE SNOW HEAPED new suffering on the Northeast, where 16 days of bitter cold snapped 50-year-old records and had old timers reminiscing about the rugged winter of 1881.

The mercury plummeted to 24 below zero at Watertown, N. Y., and 19 below at Montpelier, Vt., and New York City's 7-above reading gave the metropolis its 16th consecutive day of freezing temperatures.

FIFTY MILE AN hour winds piled snow 8 to 10 feet deep in mountainous areas of southwestern Pennsylvania, closing virtually all secondary roads in Fayette County.

Federal government offices in Washington told workers they could go home four hours early as the storm began piling an expected 4 inches on the nation's capital and spread northeastward toward New York.

A surprise 6-inch fall crippled traffic in Chicago.

ST. LOUIS WAS slugged by an 8-inch snow and 9-inch falls were measured at Alton, Ill., and Ottumwa and Burlington, Iowa.

Sleet and freezing rain spread a treacherous glaze of ice across Georgia and the Carolinas, and warnings of gales and high tides were hoisted along long stretches of the Atlantic Coast.

## Train Death Toll Now Six

BOWIE, Md. — — At one o'clock Thursday afternoon, a Pennsylvania Railroad special roared across a winter wonderland in southern Maryland on schedule for the first race at Bowie Race Track.

A minute later, the 300 passengers were plunged from their carefree attitudes and heated cars into the stark horror of death and injury when the train derailed in snow and sub-freezing temperatures.

Six persons died in the twisted wreckage and more than 100 others were injured, including 17 who were held overnight in hospitals.

## EQUAL RIGHTS FOR WOMEN? NOT IN TEXAS!

AUSTIN, Tex. (UPI) — State Sen. Wardlow Lane of Center figures women are too dangerous to have equal rights—when it comes to shooting a husband's lover.

He introduced legislation Wednesday and had it approved by the Senate to repeal a law that permits a plea of justifiable homicide by a man who kills another man he discovers making love to his wife.

"Women are wanting similar rights to shoot people," Lane explained. "So I decided to remove the right from men rather than extend it to women."

## STATE-U.S. PLAN FOR WATER BEGUN

SACRAMENTO — (UPI) — The state today took the first step with the Kennedy administration toward building a multibillion dollar statewide water project.

Gov. Edmund G. Brown met with H. P. Dugan, regional director of the federal Bureau of Reclamation Wednesday and signed a contract putting the state and federal governments in partnership for construction of the San Luis Project.

SAN LUIS IS ONE of the key units in the state's own water development program which will be financed by a \$1.75 billion bond issue approved by the voters last November. It also is a federal project which, when completed, will be used jointly by the two governments.

"It is gratifying to see such positive action by the federal government just two weeks after the new administration has assumed office," Brown told Dugan at the contract signing ceremony.

"I take this as a sign of the vigor with which President Kennedy's administration will move in its partnership with the state on our reclamation and other resources problems," he added.

THE CONTRACT provides that the state will put up \$400,000 as an advance for preconstruction exploration and surveys of the San Luis

by Reclamation Bureau personnel. Brown proposes state expenditures of \$1.9 million for San Luis in 1961-62 while the federal government will put up \$1.5 million. When completed, San Luis will provide 2.1 million acre - feet of storage at the dam site in western Merced County. For the federal project, it will produce water to irrigate 500,000 acres of San Joaquin farmland in Merced, Fresno and Kings counties.

## Police 'Bet' Nets Two Teen Bookies

Two 18-year-old bookmakers who had their first business phone installed six days ago, were arrested, admitted the charges in Justice Court and were bound over to Superior Court, Indio, until Feb. 10, with \$1,000 bail each. The pair, 18-year-olds James Arthur Powell, 1510 San Jacinto Way, and Owen Frederick Klein, apartment two, 362 North Palm Canyon Drive, were filling what they believed to be "a local need," police chief Gus Kettmann related they told officers. KETTMANN EMPHASIZED that "we believe we have bookmaking stamped out in Palm Springs, and we intend to keep it that way." The pair, termed by investigating officers as "amateurs who didn't know anyone else in the business," were part-time bookies. Powell had been employed here as a salesman, and Klein listed his occupation as a bowling alley mechanic. The arrests followed a tip-off by a local resident that he had been called by Klein — identified then as "Parker," who stated he could handle any bets for the informant. The first three bets were called from the Palm Springs police station, in the presence of detectives Carrol Vogel and Carl Hulslander. ON SUBSEQUENT BETS, the informant actually won \$42, but ploughed the winnings back into the case — on the books. With bills whose serial numbers had been recorded, further bets were made. When the pair was arrested, their total operating cash of \$114 was found on Powell. All the books, chips and entry notes of the operation were gathered by the police.

## How's Your Savings Program?

Twenty years ago an American tradition was started—saving through the use of "E" savings bond.

The first one was sold to Franklin D. Roosevelt on May 1, 1941, and it was then designed to help this country prepare against possible aggression. Soon it became a means to help the United States win World War II.

Many people assumed that as the war ended the popularity of the "E" savings bond would disappear, and the owners would cash them in before or at maturity. But Americans

had learned something. The "E" bond was the easiest way to thrift ever devised. Business and banking had cooperated. The payroll savings plan was painless.

By 1944 12 billion dollars had been invested in "E" bonds. It is predicted that "E" bond sales will pass the \$100 billion total by the middle of this year.

The "E" bond has become a symbol of American life, a way to make dreams come true.

How's your saving program?

## All Our Troubles Aren't Big Ones

WASHINGTON, D. C. — Big studies of big subjects like Atomic Energy, Disarmament and Social Welfare all have their place in the New Frontier, but human life in our times may turn on obscure and less dramatic matters.

Water — Years ago I woke up in an airplane somewhere over Utah and fell into conversation with a seat mate. He told me he was with the Department of the Interior. I told him that I was traveling in the Western States to write about vital minerals, chiefly uranium. He said:

"LET ME MAKE a prediction. In the next decade or so the most important mineral in the United States and the world will be water."

The time which my unknown companion so casually predicted is upon us. The U. S. Senate for some time has had a committee staff at work on national water resources. A report issued last summer found that of the 117 million Americans who receive public water supply, 70 million are actually reusing water that has already been at least once through the sewage and waste disposal system. As the population grows, and industry expands, it is plain that we must rapidly increase both water supplies and water systems.

MOST OF THE so-called emergent nations have a water problem which is probably as urgent as anything in the political or economic category. I have on my desk a heap of documents and a list of further studies on water supply.

One of the best known, espe-

cially in the most advanced countries like Israel, is the conversion of saline water to fresh water. Less well known is a project that has direct application to 16 of our 17 Western States. It is a plan to eradicate, in whole or part, the 70 plant species known as phreatophytes. They depend for their life upon underground water, but render very little benefit to human life.

THIS SPECIES — Pickleweed, saltgrass, saltcedar are fairly well known varieties — dominate the desert vegetation all over the globe, so that elimination would enormously add to the arable land and food supplies.

The young — This capital city has recently been host to a White House Conference on Aging. One of the major goals and problems of the New Frontier is the care and employment of persons of advanced years.

THIS EMPHASIS on age could be called something of a Democratic party fixation, but in the House the other day Congressman Tom Curtis (R., Mo.) a GO Pintellectual called attention to the opposite trend — younging. Curtis has uncovered some evidence to show that a younging process is competing with the aging process, and in some parts of the Free World is successfully competing.

In Australia, the percentage of voters over 50 will start a decline this year. In New Zealand, it will start a decline in 1962. The trend toward younging voters will reach the United States in 1970, and the United Kingdom in 1980.

A SPECULATIVE conclusion might be that the socialistic trends in the English Speaking World are not here to stay. In years to come the important legislation will concern electorates who are more concerned with the productive years of their lives than with pensions, retirement and hospitalization.

Making Democracy Work — The emphasis in the New Frontier and Modern Republicanism is upon giving more suffrage to the ignorant, the illiterate, the poor and the oppressed. But a study by the American Heritage Foundation raises some other points. There were an estimated 19.5 million citizens of voting age who, in 1960, were unable to vote. But by far the largest group of these were the eight million unable to meet local requirements as to "residence."

THE NEXT LARGEST group were the five million kept at home by illness or invalidism. Only 1.7 million Negroes in Southern States were allegedly denied a right to vote, and only 800,000 in widely scattered States with literacy requirements were disfranchised. Most significantly, the eight million with residency troubles appear to be largely "executive personnel" — probably, the most intelligent and experienced group in the nation. The key to improving the quality of popular elections seems to be here.

Even if we overcome the big problems, these smaller and less obvious ones could work our doom.

—Holmes Alexander

## Age Comparison of Leaders

NEW YORK — The President said, in an Inaugural address the schoolboys of half a century hence may recite, "... Let the word go forth from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans — born in this country, tempered by war, disciplined by a hard and bitter peace, proud of our ancient heritage — and unwilling to witness or permit the slow undoing of those human rights to which this nation has always been committed, and to which we are committed today at home and around the world."

The first American President born in this century — indeed, not born until 17 years of this century (and three years of a massive world war) had ticked off — will soon come to grips with a series of world leaders old enough to be his father.

NIKITA KHRUSHCHEV is 68. Harold MacMillan is an Edwardian 66. Charles de Gaulle is pushing 70. Nehru has passed that mark. Konrad Adenauer was 86 on Jan. 5. He could be the President's grandfather. And if the President must become involved with Mao Tse-Tung, which seems almost inevitable in one way or another, he will be facing a Chinese who at present is 67.

It will be interesting to watch their reaction when they first come face to face with him. There were many Americans who shied away from Mr. Kennedy as a political choice because of what they considered his immaturity. But they at least had the opportunity of knowing him through 14 years in the Congress, as a war hero and writer of several books. They

could see him on TV during the debates and came to appreciate the maturity of his mind and the scope of his knowledge.

BUT THE OLD men from overseas, born in another century, accustomed to dealing with men of their own vintage, may find the new President of the United States hard to believe — at first, at least. The expectation, however, is that he will soon show them that the torch has not been passed to a callow fellow, an artless dupe.

Indeed, he has a much clearer understanding of the true state of the world than either of his two immediate predecessors. Of what we've heard and seen thus far, he has the flair of a Roosevelt, Teddy or Franklin, but is spared Teddy's bullyboy arrogance and F. D. R.'s hapless confidence that he could clear the world's problems with a grin.

JACK O'CONNELL, editor of the American Weekly, was driving his little daughter home from church the other morning in Tenafly, N. J., as he started to turn into his street a fireman blocked him.

"Can't come down this street, Mac," the fireman said. "There's a house on fire down there."

"Yeah?" Jack said. "What number?"

"Eighty-five," the guy said.

IT WAS JACK'S house. He sped to the scene, and was intensely relieved to see his wife and the three other children on the lawn. The place was burning merrily, despite the squirts of the township's volunteer fire department.

O'Connell watched it going

with understandable emotion and sentiment. Then he let out a yell. He remembered he had \$900 in cash in a drawer of the dresser in his bedroom.

It was doomed, surely, but then his eye alighted on a volunteer fireman who runs the liquor store where O'Connell deals. His name is Moe.

"MOE," JACK SAID, summoning the man in fire helmet. "There's nine hundred bucks in inflammable money in my bedroom dresser, second drawer to the right. Do you think you can get it?"

Moe plunged into the burning house and came out triumphantly bearing the cabbage.

"A brave guy if I ever heard about one," a friend of O'Connell said when Jack told him the story.

Jack shook his head. "It was more than bravery," he said. "Moe felt he'd never get that dough I owe him."

PAT O'BRIEN, IN town recovering from his 30th wedding anniversary, tells a story about the night — some years ago — when Bing Crosby's house burned to the ground. It destroyed, among other things, one of the greatest collections of phonograph records in the land. Also, of course, the costly possessions the singer had brought from the ends of the earth. There was not a cinder left upon a cinder.

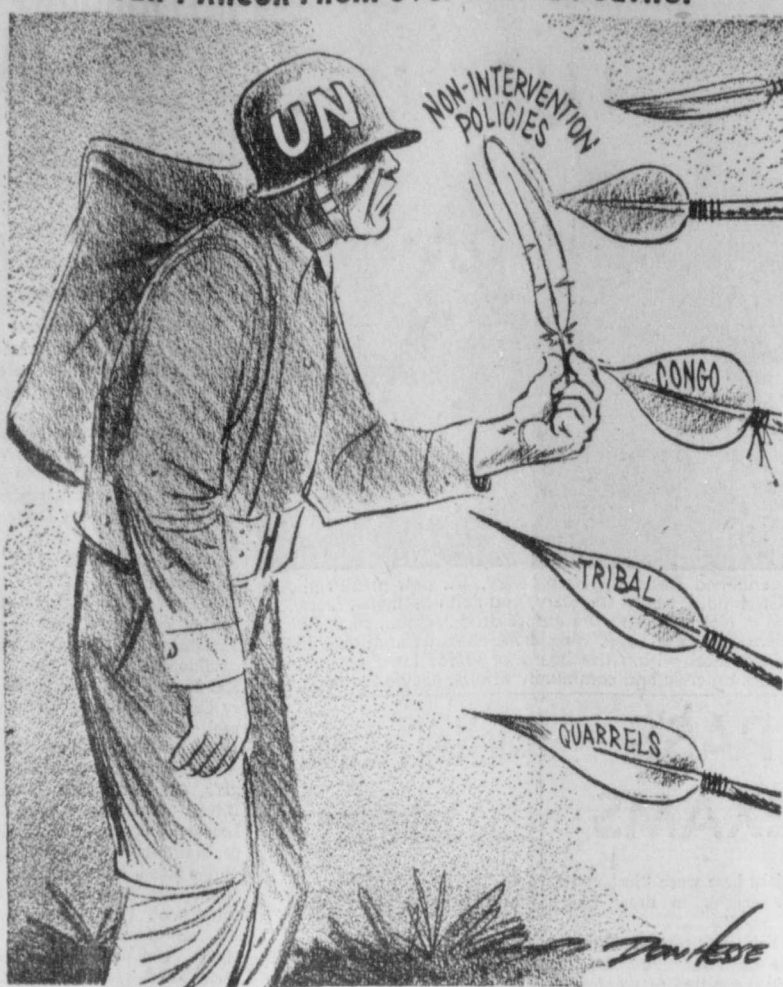

As Bing stood there disconsolately looking at the ruins, his friend Dave Shelley strolled up to him.

"Hi, Bing," Dave said. "What's new?"

Bing didn't speak to him for years.

## Can't Knock Them Over With a Feather

## This Side of The Sun

By Phat

The way we're growing brings many a change and makes returnees feel sort of strange.

I meet many people who, a few years ago, decided to try their hand elsewhere. But they always come back.

Must be that "sand in your shoes" theory.

At any rate, they all express amazement at the changes that have been made here.

Even those who have only been away for a year — or just the summer.

LOOKING OVER the real estate section of the Sunday newspapers I can realize their amazement. In the tabulation of new construction in Southern California, Palm Springs stands high in the list of 88 cities.

For December, which wasn't one of our better months, we ranked 20th. Behind metropolitan centers like Los Angeles, Long Beach, San Diego, Pasadena, Santa Ana and the like.

AHEAD OF MANY cities much larger. We were the first city of the 14 in Riverside County.

For the entire year, Palm Springs was 14th which is far up considering the size of the cities ahead and many behind the Village.

Total value of building in Riverside county in 1960 was \$104 million. Of that, we contributed \$18 million or almost one-fifth.

No wonder people coming back find things are strange here.

ALL OF THIS new construction has had another effect.

Was talking to a woman who usually comes here every fall and stays until late spring but didn't make it last year.

She looked around and said: "New buildings everywhere, old buildings remodeled and looking like new."

"True, the old landmarks are gone — but so are practically all of the old eyesores."

MR. FRED C. WEIGEL, that eminent newsman and photographer, just came over and peered into my typewriter. "By gosh, it is!" he exclaimed. "What is?"

"I was looking over some old Desert Suns just now and came across the first column you wrote for this paper some 19 years ago."

"IN IT you listed the reasons you thought qualified you as a columnist," he said.

"One of them was that your capital I key was worn flat. It certainly is," gazing into the innards of this old mill.

I didn't have the heart to tell him that it wasn't the original I key. That it had been replaced seven times since.

Read an apt definition of a race horse by Lester D. Klimek the other day:

## Losers Weepers

Down to the corner ice cream place with the moppet today. Ice cream takes quite awhile — we always settle on chocolate or strawberry. But we take a long time making up our minds.

"HOW ABOUT THE chocolate mint, son? Or a double scoop of the rocky road?"

The fact that we KNOW what we are going to have makes no difference. We are like lady shoppers in the dress department. Half of the fun is just looking.

I AM AN OLD ice cream shopper. Having got in the business in a curious way.

I shopped ice cream cones while interviewing lost tots for the dailies.

It is the curious opinion of editors (and I have given up trying to fathom THOSE minds). It is their curious opinion that a lost child eating an ice cream cone in the police station is of great national interest.

THERE IS QUITE a bit of traffic in lost children — some of them become absolute professionals at the business.

I never knew a child to get lost at a decent time. It is usually just when you are a half hour from quitting time.

"Lost kid at Central Station," said the editor. "Be sure you get a picture of him eating a cone. And with the cop's cap on. Get a nice kindly looking cop feeding it to him. Get moving."

CHILDREN DO NOT get lost without purpose. They are downtown with mama. Mama is shopping the white sales.

"It doesn't seem like much of a reduction to me," says mama to the saleslady. "Are you sure it's been marked down? What is the thread count? Ferdinand? FERDINAND! Where is little Ferdinand?"

Well, I can tell you.

LITTLE FERDINAND has become bored with thread counts.

DEAR ABBY: My daughter is 15 and her boy friend is 16. They are "going steady."

I don't object to his making himself at home here, but I think he is overdoing it. He takes off his shoes, and even his shirt, in my living room. He goes to the refrigerator and helps himself whenever he feels like it.

I don't want to be an old sitch - in - the - mud, but is this the way all teen - agers act? If so, I'll keep quiet. If not, I would like to call it to a halt. Please advise me.

DEAR ABBY: My husband and I took a trip two years ago. While traveling, we met a very nice Australian couple. We exchanged Christmas cards and that was the extent of our friendship.

We just received a letter from them telling us they are naming us "godparents" for their newborn son. I thought godparents had to be present at the christening. Does this mean we have to send a gift now and one every year on his birthday? It takes forever to get parcels from here to Australia unless they go airmail, which would cost more than the gift.

Is it possible to refuse to be godparents? Has anyone ever done it before? Should we decline?

SHIPS THAT PASSED IN THE NIGHT

DEAR SHIPS: It is. They have. And you should. (Diplomatically.) ...

DEAR ABBY: Why do mothers of babies who are not able to talk insist on putting their

little darlings on the phone when people call to talk to their parents?

They will say, "Want to talk to Billy?" and before you know it, Billy is screaming into the phone. You are forced to talk baby talk and coo to him while the mother tries in vain to get him to say "Cookie" or "Hi" or something, while you just sit patiently and wait for it all to end.

Many of my friends are guilty of this boring fault and you'd be doing a public service to wake them up.

# Palm City Building Starts

THE DESERT SUN Page 5A

560 ACRES OF CAREFREE living make up Palm City, the \$30 million retirement community near Palm Springs, which will contain 1,800 two- and three-bedroom homes and co-operative apartments. Designed for persons 50 years of age and

over, the development will contain its own 18-hole golf course, recreation center with swimming pool and other facilities, stores and medical-dental offices.

## Planned For Senior Citizens

Construction is underway on a \$30 million retirement community near Palm Springs, the first full-scale project for senior citizens in California, it was announced today.

Being developed by nationally prominent Southern California builders Nels Severin and Marshall Seccrest, the 560-acre community will contain 1,800 two- and three-bedroom homes and cooperative apartments surrounding an 18-hole championship golf course.

NAMED PALM CITY, it will be a complete, self-contained active retirement community for persons 50 years of age or over. Spouses can be of any age.

"Because Palm City is exclusively for senior citizens, the 'under-age' may visit, but never take up residence there," Severin said.

"Many couples with business or employment in nearby cities are expected to use it as a 'weekend' residence. Living costs will be moderate because purchase price will include eligibility for all recreational privileges, and transportation costs will be cut by proximity of shopping and entertainment facilities."

THE HOMES ARE moderately priced from \$12,995 to \$17,250. Any one 50 years or over with a modest income can qualify.

Palm City, located 16 miles southeast of Palm Springs, just off Highway 111, will have a shopping center, restaurant, coffee shop, motel, and medical-dental offices.

A major feature of the city-size project will be the planned community recreation and activity center. It will include an Olympic-size swimming pool, a thermal pool, shuffleboard, horseshoes, archery, croquet, game and meeting rooms, and many other recreational facilities for residents.

MODEL HOMES WILL be ready for display in March, and the first new residents are expected to begin moving into the city early this spring.

Palm City is within a 30-minute drive of hunting and fishing in the desert and mountains of Coachella Valley.

## GARDENING IN THE DESERT

### Some Eucalyptus Better Than Others

The smell of Eucalyptus is fragrant to most people but the amount of debris it throws off continually is not pleasant in your gardens. Most of them grow too high and look anything but graceful. Some of them grow to a height of 80 feet.

However, there are some species that throw off very little debris. In this category is the Scarlet Flowering, Fictolia — horticulturally named E. ficifolia — whose lavish, brilliant flowers will add a d d splendor to your garden.

IF IT WERE NOT a fact that the White Gum grows to the tallest of all Eucalyptus, its long green

leaves against a smooth, white trunk would entice Mr. Amateur Gardener to consider it. For a slow growth Red Iron Bark might be studied. However, the 50 to 160 feet that it grows is not for the average garden. It has a spread of 10 feet and displays bluish-gray leaves that turn to bronze in winter.

Often misnamed the Weeping Willow, the Willow Pittosporum reaches a height of about 20 feet and is slow growing. Its spread reaches from 12 to 15 feet. For decoration it throws out sweet-smelling, small yellow flower.

AMONG ALL THE trees that beautify our desert gardens, large and small, we lean heaviest towards the stately Jacaranda. Its early growth is slow for the first decade but, as the years go by, it reaches a height of 40 to 50 feet and spread of 15 to 20 feet.

If planted where there is good drainage — and we surely have good drainage — it needs little or no fertilizer. Be sure to keep it away from pools and other trees, the farther away the better, and it will eventually add real splendor to your garden, especially so when its blue, bell-like flowers bloom from early May to late June.

OF THE CYPRESSES, Italian Cypress and Arizona Cypress have proven best of their species for growth in our desert. Of the two we prefer the Italian species because of its compact growth and its height. Both are hardy and drought resistant, but if neglected

PRINCESS EL DORADO, assisted by sales manager Kirk Kirkwood, breaks ground for 20 new luxury homes now being constructed at El Dorado Palms Estates, unusual development in Palm Desert. are liable to show up scraggy and woody.

There is still time enough to plant Snapdragons, Sweet Alyssum, Shasta Daisy, Petunias, Scabiosa, Pansies and Violas, Phlox, etc. Grown in flats your nurseryman will give you a pick and describe the fertilizing and irrigation needed to bring those tender plants out.

IF YOU HAVE NOT planted all your Gladioli bulbs you can still plant the rest to fill in that trench and have a few later Gladioli. In May they will begin to droop to disappear for this season.

We have some complaints of crab grass making its appearance in local lawns. When working on the elimination of crab grass it is well to have a further talk to your nurseryman. You might have read

advertisements where they claim that their mixture has no ill effect on Dichondra or grass lawns. Arsenic, sodium salt, chlordane are generally in those mixtures but we feel dubious of the effect on tender grass or dichondra.

"UPPER GRANT AVENUE," one of a series of paintings by Frank Ashley, winner of the Art, USA, grand prize of 1958, will be on view when Art Unlimited brings its traveling show to Palm

Springs beginning Monday. Painting is one of nearly 200 in the current tour. Art Unlimited will exhibit both at Desert Inn and at the East Gallery of the Ferrall's Playhouse at Deep Well.

## AT DESERT INN, DEEP WELL GALLERY

## Art Unlimited Show Due

Art lovers in the Palm Springs area will have another chance to view a collection of top San Francisco art when "Art Unlimited," of the Hansen and Peterman Gallery of San Francisco, return for a weeks show starting Monday on the grounds of the Desert Inn.

The show will continue through February 12, and open hours will be from noon 'till sundown.

ART ON WHEELS was originated by Wanda Hansen of Eureka and Jamie Peterman of Pasadena, two University of California graduates. They began their traveling art exhibits in March, 1958, and were so successful that a group of San Francisco businessmen asked them to take over the Art Unlimited Gallery in October of 1959.

The girls are majority stockholders in the corporation and their backers are the Charles de Limurs, Cyril Magnin, Harry Hunt, John Redington, Mimi Magee, and Mr. and Mrs. Frank Ashley.

The two original partners were

joined last year by Lina Baker of Orinda and Toni Marchitelli of Manteca who brought last years show to Palm Springs. The two young women have set up art exhibits in such unlikely places as yacht clubs, country clubs, city sidewalks and hotel lobbies.

Future plans call for a tour of the southwestern United States, then an art cruise of the Pacific. The talent and skill of California artist are being appreciated by an ever widening circle of art lovers due to the efforts of these ambitious young art dealers.

## AFTER SUNSET

# Laine to Defend Ostrich Race Title

By GEORGE LAINE

Once again we come to that point in the week where the U. S. Post Office Department — which, incidentally, hasn't changed under Kennedy (I still get bills) — fills in the gaps.

Here's the pick of the week's missives:

Mr. George Laine  
Champion, 1960 International Ostrich Derby  
care of The Desert Sun  
Palm Springs, California  
Hello George:

The question on everyone's lips these days is whether the great "After Sun-Set" Laine is going to defend his Ostrich Derby title on Thursday, Feb. 23rd, at 3 p.m.

And lest we get confused on whether this is to be Indio daylight savings time or Palm Springs time let's synchronize our watches right now. It is exactly 9:41 a.m. Anxious to take a run at your title is a formidable, though motley, bend of journalists. At this writing we are not in a position to divulge this classified information lest the competition will frighten you out of the event.

An early reply by wireless or any means will be appreciated.  
Bill Arballo,  
Racing Secretary  
International Ostrich Derby  
Date Festival, Indio

"Are you kidding? Not only will I show on Feb. 23, but I'll also soundly trounce any and all contenders for my title. (Please have some humble pie ready in case I lose and do not win the unfermented date juice.)

Dear George,

Having just returned to home base after a three-month lecture tour, I hasten to say a large and hearty thank you for the mention you gave "The Boss" on Sept. 26. (I do not know if you did a fuller review after it came out or not.)

As one Merchant - of - Words to another, may I say . . . A happy and prosperous 1961.

Robert St. John,  
Coppet, Vaud, Switzerland  
I'm sorry, Robert, didn't get the review complete. But "The Boss" was you at your incisive, revealing best. Thanks for a treat.

Dear George,

Thank you for the very nice column you wrote on the boys. We want you to know we appreciate it.  
Mrs. Myra Cook,  
Rancho Mirage

And thank you for the great privilege of hearing two most unusual young musicians perform. I only hope that my daughter can prove nearly as adept as your two sons have.

Dear George,

Yours truly now playing nightly here at Mountain Shadows. It's just lovely. I was here in June and July of last year and my clos-

ing date this time is March 11.

Just keeping in touch.

Patty Anderson,  
Scottsdale, Ariz.

The Biltmore Hotel gang misses you. And so do I. Where can I go for piano-bar kicks anymore?

Dear George,

Certainly enjoyed having you and Jan at the house Sunday. The shish-ke-bab held out until midnight, the booze until about 4 a.m. and the last stalwart guests until daybreak.

Enclosed is a letter to you on the thing we discussed. A letter is in the mail to you-know-who outlining the same idea and he'll undoubtedly call you — probably after the nutty old golf tournament.

Just by chance I happen to have a little copy handy on our Friday trip to Idyllwild. So it shouldn't be a total loss (a four-cent stamp is involved), I'm enclosing it.  
Martino Beckaboo,  
Palm Springs

Are you insinuating that I should leap to my hot Pontiac and journey to Idyllwild where the moon leans early on the mountains, there to see the Palm Springs PlayerStage perform "Pajama Game" again? Mountain dwelling can be fun, but even the free intermission couldn't pull me. (It could if I hadn't seen the show.) When are you going to reveal your big secret to our town?

**ENTERTAINMENT SCENE:** My choice for the finest line of the week is Beverly Aadland exiting her gig at a Miami night club with the declaration that the job was giving her "a bad name" . . . She didn't like the way the joint billed her as "Errol Flynn's singing discovery" . . .

They banned confetti at Mobile's annual mardi gras . . . The Alabama street cleaners couldn't get the stuff off the pavement . . .

Add nuptial troubles: Actress Sharol Lee got herself split from singer Forrest Albright when she told the judge he went home to grandma every time he had a spa . . . Next case!

**NOTES OFF THE CUFF:** The Crosby kids have a strenuous road ahead of 'em after they leave here . . . They'll play British Columbia's Cave, Seattle's Town and Country and Portland's Bali Hai before they see the light of Southern California again . . .

Harry Oliver jacked up the price of his Desert Rat Scrapbook to two bits (still the best buy in sheer philosophy I've seen) and explained it this way:

"The paragraphs in this paper are too short to let them ever become old. I am glad to help you believe in its lasting worth by raising the price to 25c."

It's still worth it, Harry.

Shirley Coomey's idea of a secret is to refuse to tell you who told it to her . . .

**MURIEL SMITH, NOTED** actress-singer who created the original Broadway role of "Carmen Jones," stars in "The Crowning Glory," a story based on the life of Mary McLeod Bethune, famed American Negro educator. Miss Smith, who joined cast, director and technicians in donating her services for the film, is currently touring Italy in anti-Communist theater. The feature-length film will play in the Plaza Theater tonight and in a Saturday matinee.

# Indians Host 29 Palms Tonight

## Strive to Get Out Of Cellar

Palm Springs High School Indians host Twenty-nine Palms on the local hardwood tonight in an effort to get out of the cellar of the Desert Valley League. Both teams are winless to date.

The Indians, pre-season favorites to finish high in the DVL, ran into various troubles and so far are 0-4. The visitors tonight are also 0-4.

COACH JIM WORKMAN's boys faced their opponents when the latter were at their hottest registering better than half and twice, better than two thirds, of their shots for the basket.

Palm Springs has averaged a shade under 40 points per game, 159 in four, but has yielded 48 per game, 191 in all. Twenty-nine Palms has scored 132 points for a 34 average and given up 183 for a 46 average.

ALTHOUGH THE INDIANS are tied for the basement of the league they have two players in the top ten of the high scorers in DVL play to date. Tyrone Taylor has scored 53 points in four games for a 13.75 average and Mark Edwards 45 in four games for a 11.25 average. Taylor is second in the league to Paul Griffith of Coachella, 60 points and 15.0 average while Edwards is tied for third place.

B teams from the two schools will clash in the preliminary game at 7 o'clock and the Varsity game will follow at the close of the first game.

## Trojans, Bruins Clash Tonight in Leadership Fight

LOS ANGELES — The 33-year basketball feud between UCLA and the University of Southern California breaks into the hot war stage again tonight in the Sports Arena.

A slout crowd is expected to watch sixth-ranked SC (14-2) and All America candidate John Rudometkin battle 11th - ranked UCLA (12-3).

The game tonight and its sequel Saturday night may determine the No. 1 team in the west.

LUIS PROCUNA, regarded by most bullfight aficionados as the greatest living Mexican bullfighter, will demonstrate the skill that has earned him that distinction against three Presillas bulls Sunday in San Luis bullring. Also on the bill, which is luring a large Palm Springs contingent including the general

membership of the Palm Springs Ski Club, is Jose Ramon Tirado, plucky young matador who routinely delivers fine performances. Tirado will also meet three of the Presillas stock. The fireworks get under way at 3 p.m., Arizona time. (Russ Schuffert Photo)

## Santa Margarita to be Wide Open

ARCADIA — Th possibility of a wide open race in Saturday's \$50,000 Santa Margarita Handicap for the fully-mare championship of the Santa Anita meeting has resulted in a bulky field being pointed for the stakes.

Indications today prior to the taking of entries for the Santa Margarita were that as many as 16 or 17 feminine runners might be named for the 1 1/4-mile race. Heading the field was expected to be C. V. Whitney's Swiss Roll, winner of a division of the Santa

Monica Handicap, who was assigned post weight of 122 pounds.

T. V. Lark, unable to score a victory in his four previous starts, came through with a stretch drive Thursday to capture the \$27,450 Santa Catalina Handicap for California-foaled horses by nearly a length. American Comet was second and the pace - setting Free Copy third.

Eddie Arcaro booted T. V. Lark home over the 1-8 miles in 1:49 and the winner paid \$4.40 as the favorite.

Today's race program was head-

lined by the \$12,000 Community Chest Purse at 1 1/2 miles on the turf course and brought together a field of distance-loving performers headed by Caistor Top, Chimmorro and Don't Alibi.

Laurye's Steak Ranch made it seven straight in City Basketball League play Thursday night on the high school gymnasium floor when they overwhelmed Mazzula Masonry 63 to 31.

In the nightcap, Bonnie Electric and Smoke Tree Stables went nip and tuck to the final buzzer, the Electricians winning by a 67 - 65 count in a fourth period rally.

LAURYE'S TOOK a long lead in the first half of the game, outscoring the Masons 31-14 and holding their own in the second half.

George Hertzke of the winners was high for the game with 22 points, 10 from the floor and two gift shots. Lou Neely of Mazzula was high for the losers with 13 points.

IN THE NIGHTCAP, Smoke Tree drew away in the first period 20-15 and led at the half 35-33. They gained on Bonnie Electric in the third period but in the final quarter, the Electricians got hot and made it all up plus two points more.

## Skowron Wants More Money from Yankees

United Press International

Bill Skowron is more than a bit displeased with the New York Yankees today and also letting it be known that he doesn't think much of the Pittsburgh Pirates either.

The beetle-browed Skowron revealed Thursday that he has rejected a Yankee contract offer estimated at \$30,000. It is understood that the rugged first-baseman, who hit .309 and drove in 91 runs last year, is angling for a contract in the \$40,000 class.

That's bad news for General Manager Roy Hamey of the Yankees but Bill had even worse news for Danny Murtaugh and his world champion Pirates: he thinks three clubs have a better chance to win the 1961 National League pennant than the Pirates.

"I don't believe they can," Skowron replied when asked whether he thought the Pirates will repeat. "I think the Giants or Dodgers, or perhaps Milwaukee, will win this year."

## Tennis Clinics To Be Resumed At High School

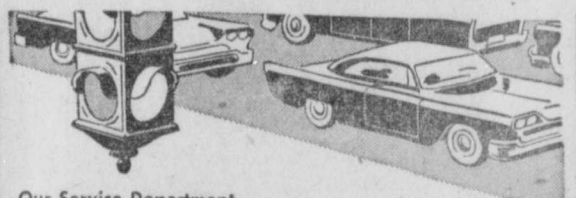

Junior Tennis Clinic will resume tomorrow morning at 9 a.m. on the high school courts after a week's lay-off due to the Rodeo parade last Saturday.

The Clinic, under guidance of Dave Gillam, Racquet Tennis Pro, are open to all youngsters between the ages of 9 to 14 every Saturday at the high school courts.

They are staged from 9 to 11 a.m. and will continue until April. Enrollment has increased each week.

# MENGERT LEADS CLASSIC AS TWO HIT HOLES-IN-ONE

DON JANUARY, 31-year-old professional from Dallas, Texas, yesterday fired a hole-in-one at Indian Wells Country Club's 15th hole to win the \$50,000 top prize. January was con-

gratulated on the fairway by Tournament Chairman Milt Hicks, president of Indian Wells, and David Holub, secretary-treasurer of the tournament, pictured at left. Center, Hicks

told him that he can re-insure his winnings against another hole-in-one, which he took under advisement. At right, Hicks pours a glass of champagne for the \$50,000 winner as a

large group of people, newsmen and photographers crowd around him. (Desert Sun Photo by Fred Weigel)

## Mengert Leads in Classic

Al Mengert, usually a stay-at-home club pro, was the leader today going into the third round of the 90-hole \$50,000 Palm Springs Golf Classic—but Don January was already the big money-winner with a \$50,000 hole-in-one.

Mengert, 31, who has club jobs at St. Louis, Mo., in the summer and a phoenix, Ariz., in the winter, fired a second-round 65 Thursday which, with his first round 68, gave him a 36-hole total of 133. January, also 31, who is a regular on the pro tour, also had a second-round 65. With his first round 76, he had a 36-hole total of 141 in a tie for 35th place but he could quit now and be ahead money-wise.

His ace, for which he will collect \$50,000 unless he has to share the pot with a pro making a hole-in-one in subsequent round came on the 148-yard 15th hole at the Indian Wells course, one of five courses in this circus-like tournament.

JANUARY, WHO had never before made a hole-in-one in 24 years of golfing, used an eight-iron to dunk his tee shot right into the hole on the fly.

At that, his was not the only ace of the day. Amateur Sam Tobias of Bakersfield, Calif., holed his tee shot on the 217-yard 12th hole at the Eldorado course. Tobias, a 17-handicapper, and the momentary hero of duffers all over the world, wasn't even trying—he used a driver on the hole.

Tobias won a golf cart valued at \$1,000 for his ace. Another highlight of the second round was a sizzling eight-under-par 63 at the Thunderbird course by George Bayer—the best round of the day. Bayer had a two-round total of 135 and was in a four-way tie for fourth place with Jay Hebert, 66-69, Lafayette, La.; Fred Hawkins, 67-68, El Paso, Tex.; and Dave Marr, Houston, Tex., 65-70.

IN A TIE for second place behind the 35-hole leader Mengert—both at 134—were Bob Rosburg, Overland Park, Kan., 65-69, and Art Wall Jr., Pocomo Manor, Pa., 67-67.

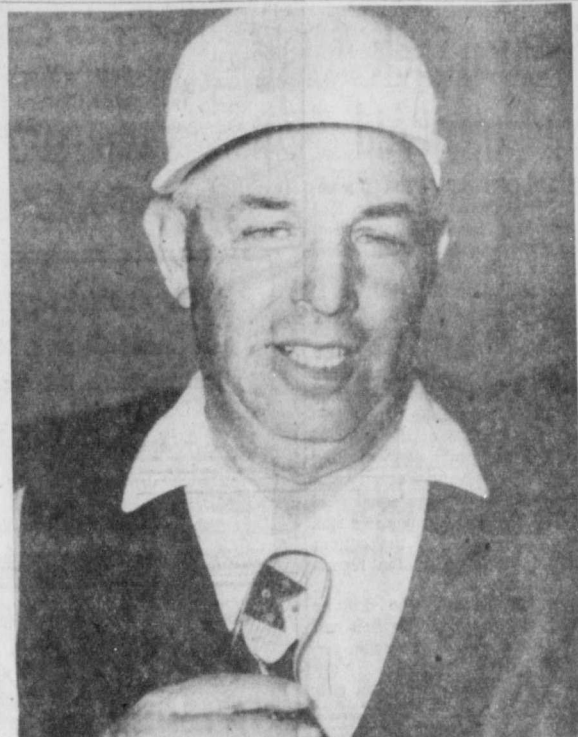

Marr and Rosburg were even a six-way tie for the lead at the end of the first round with Ken Venturi, Palo Alto, Calif.; Charles Sifford, Los Angeles; Cary Middlecoff, Memphis, Tenn.; and Dow Finsterwald, Tequesta, Fla. All Sifford, National Negro Open champ, slipped to 71 and had a 136 the same as Venturi.

Finsterwald sagged with a second round 73 for a 138 two-round total and Middlecoff plummeted to a 76 and a total of 141.

**INDIVIDUAL PROFESSIONAL** leaders in the pro-amateur division of this intricate tournament after two rounds were: Don Whitt, Borrego Springs, who had a best ball 39 under par, and Venturi and Ronnie Reif, San Diego, who were 38 under.

Three amateurs play with a different pro each day for four rounds and the pros go it alone in the fifth round Sunday at the Tamarrisk course.

Defending champion Arnold Palmer had a solid 68 second round to go with his first round 69. At 137 this put him in a tie for 12th place.

SAM TOBIAS, 45, general manager of San Joaquin Tractor Company, was the first amateur to fire a hole-in-one during the Palm Springs Golf Classic. He fired a long drive with a wood on the 217 yard 12th hole, and it hit on the green and rolled straight into the cup. Tobias has been playing golf for seven years and has a 17 handicap. As an amateur winner of the hole-in-one he will receive a new golf cart, a need he had yesterday. As he approached the 12th hole at Eldorado to make the history-making shot, the cart in which he was riding died and wouldn't go. As fate had it, he won a new cart. (Alex Morrison Photo)

## Ortiz Wants Crack at Two Titles After Win

LOS ANGELES — Carlos Ortiz of New York, fresh from an easy victory over Bobby (Cisco) Andrade, said today he wants his next two fights to be for the junior welterweight and the lightweight crowns.

Ortiz, who late last year lost his junior welterweight crown to Duilio Loi of Milan, Italy, said he would like to battle Loi in a title match soon and then meet Joe Brown in a bout for Brown's lightweight crown.

Matchmaker George Parnassus had said he was hopeful of matching Ortiz and Brown in a title fight in Los Angeles this spring if Or-

tiz got by Andrade. Ortiz, 24, did that Thursday night in a rather routine but convincing manner.

Using an accurate stiff left jab, Ortiz, 137½, peppered Andrade, 138, San Jacinto, Calif., on the body and face throughout the no-knockdown 10 - rounded at Olympic Auditorium.

Andrade, 31, who last year lost a decision to Brown, seldom made a threat. His best rounds were the second when he connected with a solid right to the body and the fourth when he raised some swelling around Ortiz' left eye with a right.

## Tomorrow to be Porky Oliver Day In Desert Classic

Tomorrow is "Porky Oliver" Day in the second annual Palm Springs Golf Classic.

Ed Oliver, of Wilmington, Del., but who represented Hesperia Country Club last year, isn't with the touring pros in this year's Classic. He's at his Delaware home where he was just recently released from St. Joseph's hospital in Denver after being stricken by cancer.

But his many friends on the pro circuit have decided that Porky, while not here in the flesh, will be here in pictures. His image in the form of large photographs will be on the first tee of the participating courses in the Classic.

It will be Porky Oliver Day and the pros playing here will contribute a minimum of \$10 to a fund before teeing off tomorrow. With millions of fans viewing the tourney on CBS television, it is conceivable that the fund could reach several thousand dollars.

The contributions will be given to the 46 - year - old pro and father of four children to defray the heavy expenses incurred in an effort to halt the dread disease.

## Pepperdine Frosh Win Pasadena Play

PASADENA — Pepperdine beat host Pasadena Nazarene 66-61 Thursday night to capture the championship of the Pasadena College Freshman Basketball Tournament.

CARY MIDDLECOFF fired a 65 Wednesday to go into a six-way tie for the lead in the Palm Springs Golf Classic and no one was happier than Ed Vines, Bermuda Dunes CC pro. Middlecoff came to Vines for advice

after dropping off his game and the local pro located the flaw. Now, Middlecoff, shown Wednesday at Bermuda Dunes, lining up a putt, is up with the rest of them. (Gayle Studio Photo)

## Plan Monument To Pros Scoring Aces in Classic

First annual Golf Writers Hole-In-One party tossed by Ray Ryan Wednesday night at his El Mirador Hotel saw the birth of a new idea from the hotel owner and owner of Bermuda Dunes Country Club.

Ryan came up with the idea of establishing a Hall of Fame for the pros scoring \$50,000 holes-in-one in the Palm Springs Golf Classic. He plans to erect a 12-foot granite obelisk on the park-like grounds of El Mirador between Indian Avenue and Palm Canyon Drive.

The monument to hole-in-one stars will be topped by a bronze commemorative plaque with spaces for the names of the pros who scored aces, the name of the golf club where it was scored and the date on which it happened.

Joe Campbell, who shot the first ace last year on the 205 - yard fifth hole at Tamarisk Country Club, was an honorary guest at the Hole-In-One party. His name will be the first on the plaque. Second will be that of Don January who blasted an ace Thursday on the 148-yard, par 3 fifth, at Indian Wells in the second Classic.

Ryan will also donate a perpetual trophy for hole-in-one honorees.

**PACKERS SIGN BREWINGTON**  
GREEN BAY, Wis. — Jim Brewington, 6-foot, 6-inch, 275 - pound tackle from North Carolina College, signed Thursday with the Green Bay Packers of the National Football league.

## January Thinks He'll Have Ace Ball Stuffed

By HAL WOOD

—Don January, a fine golfer who has played the "supporting role" in more tournaments than he cares to remember, found the price of fame a bit unnerving today following his \$50,000 ace in the Desert Classic.

January hit the jackpot on the 15th hole at Indian Wells Thursday in the second round — and thus won moviemoney on one swing of his club that he never had won in three years before. "But now I can't turn around without someone handing me a telephone," he said later. "Within minutes after I got off the course there were telephone calls from Chicago, Dallas, St. Louis and Hollywood. You press fellows got the news around the country in a hurry."

HE WAS NOT complaining. He just wasn't used to the life of a celebrity who made more money in five seconds than most breadwinners do in four or five years.

How does a man feel getting rich all at once?

"Well, to tell you the truth," he said, "I didn't believe the ball went in the hole. I was looking for it in a palm tree back of the green."

"When one of my playing partners told me it was in the hole I thought he was kidding."

So what's he going to do with the money?

"We can use it," he said. "I have a wife, a son and a daughter and we're expecting another baby this summer."

"I hope to save most of what Uncle Sam doesn't get."

IT WAS JANUARY'S first hole in one in 24 years of playing golf and he had to admit that the law of averages favored him connecting over many of the other pros. Art Wall, who has played about as much golf as January, for instance, has had 35 aces.

January is known on the tour as something of a placid individual. He seldom shows any emo-

tion and rarely displays more than a tight-lipped grin. But when he posed for cameramen he grinned from ear to ear and even laughed out loud.

He held up the ball displaying a scar on it, where it hit the rim of the cup when it went in on the fly. He was asked what he planned to do with the ball.

"I think," he said after a moment's hesitation, "I'll have it stuffed."

LOS ANGELES — The newly organized Los Angeles Angels will call Wrigley Field "home" during their 1961 season, according to terms of a contract signed with the Los Angeles Park and Recreation Department.

Wrigley Field, which seats slightly more than 20,000 people, is a double-decked baseball park that was originally the home of the old Los Angeles Angels of the Pacific Coast League.

**Giants Sign Rookie Battery from Texas**  
SAN FRANCISCO — A rookie battery that performed for Harlingen, Tex., last year was under contract with the San Francisco Giants today.

The two were right-handed pitcher Bob Bolin, who won 10 and lost 4 last year with a .77 earned run average, and catcher John Orsino.

**Vancouver Skates To Win in Hockey**

## PD Rotary Hears Hill At Meeting

'Cup That Cheers'  
Topic for Team  
In Luncheon Meet

PALM DESERT — "The Cup That Cheers," was the topic of a talk by E. Paul Hill, Southern California representative for Thomas J. Lipton, Inc., before members and guest of the Rotary Club of Palm Desert at last Friday's meeting.

Giving a brief history of tea, Hill said the Chinese place discovery of the aromatic beverage around 2737 B.C., adding that "trade in tea has also played a mighty big part in the history of China, India, and England."

PRINCIPAL COUNTRIES for growing tea, according to Hill, are India, Ceylon, Java, Sumatra, and Africa, and he related that "an expert tea taster can identify between 1,500 and 1,600 different teas, where grown, what variety, when picked, how processed, its cost, and most important of all, how it should blend."

He added there were over 2,000 possible blends, and that tea blended for New York was entirely different than that designed for Southern California.

ALSO A PART of the program were "The Falcon's," a 10-piece "compact" band from the Desert Sun School in Idyllwild.

Carl Jensen served as program chairman, and Jerry Malone introduced visiting Rotarians. The meeting was under direction of Harry Cannon, president.

BROTHER-SISTER REUNION at Desert Air Hotel was held this week when Mr. and Mrs. Raymond J. Brink of St. Paul, arrived at the hotel for a brief vacation. Mrs. Gladys Jaeger, Desert Air hostess, center, was on hand to greet her brother and sister-in-law. (Lee Wenzlick Photo)

A glittering silver mirror reflector shed patterns of light over the many dancers as they enjoyed the inimitable music of Jack Kern's orchestra who are appearing here for their third season.

## Around Town

... with Hildy Crawford

Nobody ever buys anything in Palm Springs without re-modeling it... and RimRocks is no exception... Retaining all the charm of Romanoffs... it now has a new lightness and warmth... that's partly the walls that have been painted a shade more flattering to women's after-dark complexions... partly the exciting new canopy... with its blaze of starlights back of a gold chain curtain... and partly the music for dancing... It's spacious... with dark dancing figures against the night view of Palm Springs in the far windows... it's friendly... with people chatting in the big cocktail lounge... it's smart dining spot... with champagne corks popping...

Under the bright new canopy... that manager Bob Taliaferro compares with a stylized royal umbrella... there's an array of appetizing foods... the bright green of salads and the blood-red of rare prime rib... The menu offers a wide selection... with interesting daily variations... and the right hand side of the menu is interesting reading too... The prices are reasonable...

The waitresses in their perky costumes... that combine the interesting features of cigarette girls and baby dolls... add interest... and it's fascinating to watch the dinner arrivals... With those steps down into the diningroom... every woman makes a grand entrance... with host Roy Bradley guiding her and her escort to their table...

Opening night found everyone commenting on the fine food... and when Chef Montague gave me a conducted tour through the kitchens... it was easy to understand... for everything looked to be of the best... and the kitchen as clean as any housewife could ask...

Millie and Jim Braden were there the night MFK staged a sneak preview of Rimrocks... With them were Bess Bender and her brother Maury Wax... The Jimmy Coopers were dining with the Joe Hendersons... The A. M. Kidders with Mrs. Jayne Burford... The Dewey Metzgerfs were there... and the George Beebes... Jr. and Sr... With Mr. and Mrs. C. C. Hutchens were Mr. and Mrs. Lew Levy and the Sig Ehrens... Lyle Wheeler... 20th Century Fox's award winning designer... who did the redecorations at Rim Rocks... was there with his wife... and many more... at what was intended as a shake down for the new crew and management...

Mr. and Mrs. Milton Kreiss (she only recently out of the hospital) were there to personally greet arrivals... and MFK seemed very pleased with his newest acquisition... Now that he owns MFK drug store... the Signature Room... Jeffreys and Rim Rocks... he has a big stake in Palm Springs...

Muriel and Abe Lipsey entertained around 40 friends... and visiting golfers... at a buffet dinner at their Tamarisk Country Club home Tuesday evening... Among the guests were Dixie and Bill Tomberlin... who are here from Denver as guests of Pearl and Ed Thrasher in their new Park Imperial home out on Araby Road... The Tomberlins will return home after the tourna-

Springs... Like that Sunday night party at the Gar Moore home... when Fritz Loewe sat down at the piano and played songs from his new show "Camelot"... Jan Clayton (she was just completing a week at Ferralls' Playhouse) sang some of the songs from her shows... and Paramount composer George Greely played some of his songs... and everyone sat around and listened... and talked... while the lovely hostess Isobel kept an eye on glasses and plates... that needed re-penishing...

Lynne and Mac McClean... who have a home at Indian Wells... are off to the Orient... jetting out of International Airport this week... They will be in Honolulu for 10 days... stop in Bangkok for a couple of days... and spend nine days in Tokyo and 10 in Hong Kong... Mac is in land development... with offices in San Francisco and Honolulu... so the Hawaiian trip will be on business... but the rest is for fun... so the and to give Lynne a chance to shop for white jade for her collection...

Joining them in Honolulu will be their son and daughter-in-law Dick and Joan McClean...

## Aficionadas Attending San Luis Fights

Palm Springs aficionados will be heading for the border again this weekend for one of the season's most colorful bullfights in the San Luis ring. The fight will pit Luis Procuna and Jose Ramon Tirado against six bulls from the Precillas ranch.

Tirado, a young and valiant torero from Mazatlan is the favored matador with the desert group, as he has been a frequent Palm Springs visitor. Handsome and experienced Procuna, starred several years ago in an academy-award-winning film, "Torero," based on his own life.

## Husbands Invited to Hear Butler

Because the speaker and the subject are both of interest to masculine as well as feminine audiences, Palm Springs Woman's Club members are inviting their husbands to attend next Monday's meeting, when Grant C. Butler is scheduled to appear.

The outstanding American author, lecturer and authority on the Middle East, will speak on "The Arab and Moscow" program chairman Mrs. Glenn Watson announced today.

Club president Mrs. George O. Wheeler will call the meeting to order at 2 p.m., and husband have been asked to arrive at 2:30 at which time Butler will take over the program with his colorful, lively account of actual experiences in the Middle East. He will tell of personal interviews with President Nasser, King Saud, King Hussein and of other experiences which he has related in his best-selling book, "Kings and Camels." Highly respected in this country and in Europe, Butler has also won the respect of top Arab leaders by fair, objective reporting. Humor, inspiration and enlightenment mark his dynamic lectures.

Following program, tea chairman Mrs. Lynn Merriman and her committee will serve sandwiches with tea and coffee. Assisting her will be Mmes. Charles Beck, Henry Laurie, H. R. Montgomery, George Simmons, Katherine Carpenter, Clara Deem and Grace James.

## Easy-to-Make

NEW YORK (UPI) — Brazil nut tidbits add flavor to a variety of easy-to-make foods. Add finely chopped nuts to your favorite stuffed-egg or stuffed celery recipe. Make a simple pate of canned liver paste, minced onion, and seasoning and add chopped nuts for a texture surprise.

## Junior Women Conclude Pedestrian Safety Drive

Now that January is over, so is the Pedestrian Safety Drive by the Palm Springs Junior Woman's Club in cooperation with the Palm Springs Safety Council.

Junior Woman's Club President, Mrs. Richard Hill, reports the "Walk Safely" and "Use Crosswalks" signs were once again painted on downtown sidewalks, posters were placed in most business houses and bulletins were given to all the teachers to read to their classes. Mrs. Hill and all the members of the Junior Woman's Club urge all pedestrians to

## Marklands Are Newcomers to The Desert

An ideal climate and relaxing atmosphere are credited with bringing retired Army Colonel and Mrs. Curtis W. Markland to the desert permanently. Originally New Yorkers, the Marklands have travelled extensively during his 20-year Army career and spent the last two years in Augusta, Georgia. They are Ranch Club members and at home at 860 Grace Circle with their son, Ted, who is a comedian.

Among the Marklands' first houseguests were Major and Mrs. John Synowsky of Butler, Pennsylvania. The Synowskys were on their way to San Francisco where he will put in the last few months of his 20-year stint.

Button, Button  
NEW YORK (UPI) — Short, simple hairdos, big bulky hats and lengthening necklaces spell bigger, more dramatic earrings —button or drop—for spring.

The Fashion Coordination Institute reports that the size of button earrings has grown so dramatically that today an earring considered daring a year ago seems almost conservative to a woman's eye.

1. Always cross the street at corners, never jaywalk. Be sure to look in both directions before crossing the street.

2. Never step into the street from behind parked cars.

3. Wait a moment before stepping off the curb, give fast moving cars a chance to stop.

4. When getting off the bus be especially alert before crossing the street or highway.

5. When walking along the road at night, be sure to wear something white so that you can be seen easily. Also, walk on the left hand side of the road facing approaching traffic and remember to carry a flashlight.

#### Starchy

NEW YORK (UPI)—Here's how to wash starch from the sole plate of a hot iron: rub a damp cloth with plenty of soap and spread it over several layers of paper; run the iron over this to loosen and rub off the starch. If it clings, repeat with a clean piece of cloth, also soaped. Then press over a clean, damp cloth and the iron will glide smoothly again.

# 'OPERATION SAND DUNES'

## 1000 Palms Set For Church Cleanup

THOUSAND PALMS—Equipped with "toothpick and shovel," men and boys of this community are being asked to gather at the Thousand Palms Community Church on Saturday, Feb. 4, at 9:30 a.m. for "Operation Sand Dunes." The shovels are to be used for leveling sand on the church grounds; the toothpicks, for the pot-luck lunch to be provided by the women of the church at noon.

This task will be the opener for plans under way for beautifying the grounds, providing off-street parking and playground space, and, eventually, enlarging the building already in need of additional Sunday School rooms. The plans will soon be ready for announcement by the Church Advisory Board, headed by the Rev. Dan Claassen, pastor.

A STATEMENT of accomplishments in 1960 presented to the congregation on Sunday, Jan. 29, indicates that Thousand Palms Community Church, now nine months old, is a "growing concern." It was officially organized on Easter Sunday, April 17, 1960, with a Charter membership of 21 persons. The book of Charter Memberships will remain open until Easter Sunday, April 2, 1961, after which entrance by regular membership as set forth in the constitution will be maintained.

The church is inter-denominational. Its constitution states: "We respect the honest convictions of all and seek only to draw into a fellowship of love, of worship and service those who, in the spirit of Christ, would live to the good of man and to the glory of God."

THOUGH THE church is young, its Sunday School is 34 years old. The school was started in 1927 by Mrs. Della Lindley, pioneer teacher - resident of Thousand Palms who still resides in the community, and Mrs. Clara Williams, who taught their classes in the old "box car" school building. It grew under the guidance of the American Sunday School Union, and is now a thriving part of the new church.

Land for the erection of a church was deeded to an official board of the Sunday School by Matthew Simmons and the late Natt Malnick, subdividers of the Shangri-La Palms subdivision in which the church now stands. The present building, with the help in labor and money of many people in the community, was ready for occupancy in 1950.

THE CONSTITUTION and by-laws of the church were written

by a committee of five members, and 200 copies were printed in booklet form by Virgil L. McCormick, printer of Long Beach and Thousand Palms.

The church interior was painted recently by two fathers of Sunday School pupils, L. Richard Jackson and Richard M. Hedglin, who donated their services.

A silver Communion service was purchased in time for the first celebration of the Lord's Supper in July of 1960.

FROM FUNDS realized from the October bazaar, bake sale and supper, a record player and amplifier were purchased for broadcasting appropriate music from the belfry before Sunday services.

Newly elected officers for the year are: Moderator, Mrs. J. A. (Mina) Welcome; secretary, Miss Eve Finson; treasurer, Henry M. Lennie; chairman of music committee, Mrs. John (Irene) Papp; chairman of decorating committee, Mrs. Dan (Helen) Claassen; and chairman of publicity, Miss Eve Finson.

The Sunday School teachers are: Rev. and Mrs. Claassen, Mrs. Papp, Mrs. L. Richard Jackson, and Cazzle Henson.

Origin of the name of Wichita, Kan., is disputed. Some say its Indian meaning is "painted face." Others say it is "coon eyes."
